AMENDMENTS TO THE CLAIMS

Please amend claims 62 - 70 as shown below. Pursuant to 37 C.F.R. § 1.121(c), the text of all pending claims, along with their current status, is set forth below.

1. - 61. (Canceled).

62. - 66. (Withdrawn).

67. (Previously Presented) A system for displaying data, comprising:

a display device coupled to a network, the display device comprising:

a network adapter configured to receive compressed frame buffer data from at least one source device;

a dedicated decompression unit for decompressing at least a portion of the frame buffer data;

a dedicated storage unit for storing at least a portion of the decompressed frame buffer data; and

a display refresh unit for receiving at least a portion of the decompressed frame buffer data.

68. (Previously Presented) The system of claim 67, wherein the at least one source device comprises:

a network interface;

a memory unit comprising a frame buffer coupled to the network interface; and

a compression unit adapted to compress data received from the memory unit coupled to the network interface.

69. (Previously Presented) The system of claim 67, wherein the at least one source device comprises:

a network attachable graphics chip adapted to receive graphics data from a graphics port, the network attachable graphics chip comprising:

a graphics unit;

a compression unit; and

a network interface.

70. (Previously Presented) The system of claim 67, wherein the at least one source device comprises:

a network attachable graphics chip adapted to receive graphics data from a network port, the network attachable graphics chip comprising:

a graphics unit;

a compression unit; and

a network interface.
